Disease eradication programmes

*281. PROF. M.M. AGARWAL: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) the State-wise/year-wise comprehensive details of the amount sanctioned, allocated and released under national programme to control malaria, polio, T.B. and Leprosy in various States of the country during the last three years;

(b) whether it is a fact that whole amount sanctioned and released under the said programmes during the said period could not be utilized; and

(c) if so, the reasons therefor and to what extent such amount has been utilized so far, State-wise?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE (SHRI A. RAJA): (a) to (c) Statement I to IV showing details of State-wise/Year-wise allocations/releases/ expenditure for Disease Control Programmes for the last three years are annexed *(See* below). Funds are utilised with due care as per set procedures and for the purpose for which they are approved. There has been some short fall in Plan Expenditure during initial years of Ninth Five Year Plan. In the early part of the Plan period the expenditure took some time to build up as the modalities for implementation of new projects, which are externally funded, has to be finalised. In the case of national Anti-Malaria Programme and national TB Control Programme the procurement could not be undertaken as envisaged because of various factors including delay in finalisation of the procurement agencies leading to delayed start of the programmes. Since then separate procurement agencies have been appointed for different programmes. The trend of the expenditure has improved significantly in later years through regular and intensive monitoring of various programmes.
